

June 24, 2008

Dear Friend,

**IT'S THE CLOSEST THING TO WHAT WE READ OF IN THE BOOK OF ACTS, IN OUR TIME
– NEW CHRISTIANS PLANTING HOUSE CHURCHES ALL ACROSS UKRAINE!**

We would like you to see for yourself. You are invited to watch a short video about Zhenya, a coal miner in Ukraine and his family who came to faith and have already started three new congregations. They are on fire for the Lord. They teach others and work with many orphans. You will be inspired by their faith and thrilled by what they do with the orphans. To see Zhenya and his family's story, just go on line to the EEM web-site at www.eem.org/ukraine and click on the Zhenya video. You can do it right now. It only takes about five minutes.

Zhenya and his family are examples of so many who have become Christians just in the last few years in Ukraine, as you will see below. They are genuinely active and dedicated. But, this is a critical time for these new Christians in their faith and they need help.

Many new churches have exploded on the scene in Ukraine, most of them just in the last four years. There are thousands of new, New Testament Christians all across the country, most of them meeting in homes all across the nation of Ukraine.

This has come about because of weekly preaching on National television, literature provided by EEM and church planting seminars where hundreds at a time are taught how to live their faith and then share it with others. These new Christians are encouraged to start congregations in their city or town – *and they do!*

THIS IS EXCITING BUT WE NEED TO TAKE THE NEXT STEP.

We need to follow up. These new brethren in all of these new churches need more teaching, they need further grounding. So we are asking you to help our new brethren grow in their faith. Here is the plan.

We will provide and deliver a “Church Growth Package” to each new congregation. This will include a DVD player, a mini church library of five EEM Bibles and Books about the Bible and a set of six DVDs which will contain the first six lessons which they will play for the church members when they assemble each week. Then, each month we will send additional DVD

lessons by the man who preaches on the weekly national television program and other EEM materials to each of the new churches.

For just \$125 you can provide this entire package, delivered, so these new Christians can continue to grow in their faith and be active in their congregations all across Ukraine.

We need to send 200 "Church Growth Packages" to new churches right away. This will fulfill the current need today. We will likely need more in the future as churches continue to form and we will respond to them, as well.

**WILL YOU PROVIDE ONE OR MORE OF THESE NEW CONGREGATIONS
WITH A "CHURCH GROWTH PACKAGE"?**

There are thousands in Ukraine like Zhenya and his family who have become New Testament Christians. Follow up teaching of these new brethren will enable them to reach many more with the Word. How many new churches will we need to help grow next year?

Thank you for fueling the explosive growth of the church in Ukraine. You can have a huge impact on the development of these new Christians at this critical time in their growth.

Please take a few minutes to hear from Zhenya personally online at www.eem.org/ukraine. For your convenience you can choose to make your gift online or with the enclosed card.

For the spread of the Word,

Mike Armour
